TERMS — The terms of the sale are cash. Your check should be given to the clerk immediately following the auction.

HEALTH — The cattle will be sold according to the health regulations of the State of Illinois. A 30-day test prior to the sale will be made and health papers will be furnished with each animal.

TRANSFERS — A properly transferred registration certificate will be provided to the buyer for each animal sold.

LIABILITY — The owners of the cattle (The Adwell Corp. and D. P. Sigmon & Sons) and the owners of the sale barn accept no liability for accidents that may occur, although every precaution will be taken to prevent them. All attending this sale do so at their own risk. The auctioneers, sale manager, clerks, and other assistants were hired by the owners for specific promotional and clerical tasks and accept no liability for accidents, errors in health papers, etc.

GUARANTEE

Because this is a dispersion and the dissolution of a partnership the cattle will be sold without guarantees. This is the custom in dispersions. However, the prolificacy of the herd is obvious from the catalog and from the large number of calves at foot.

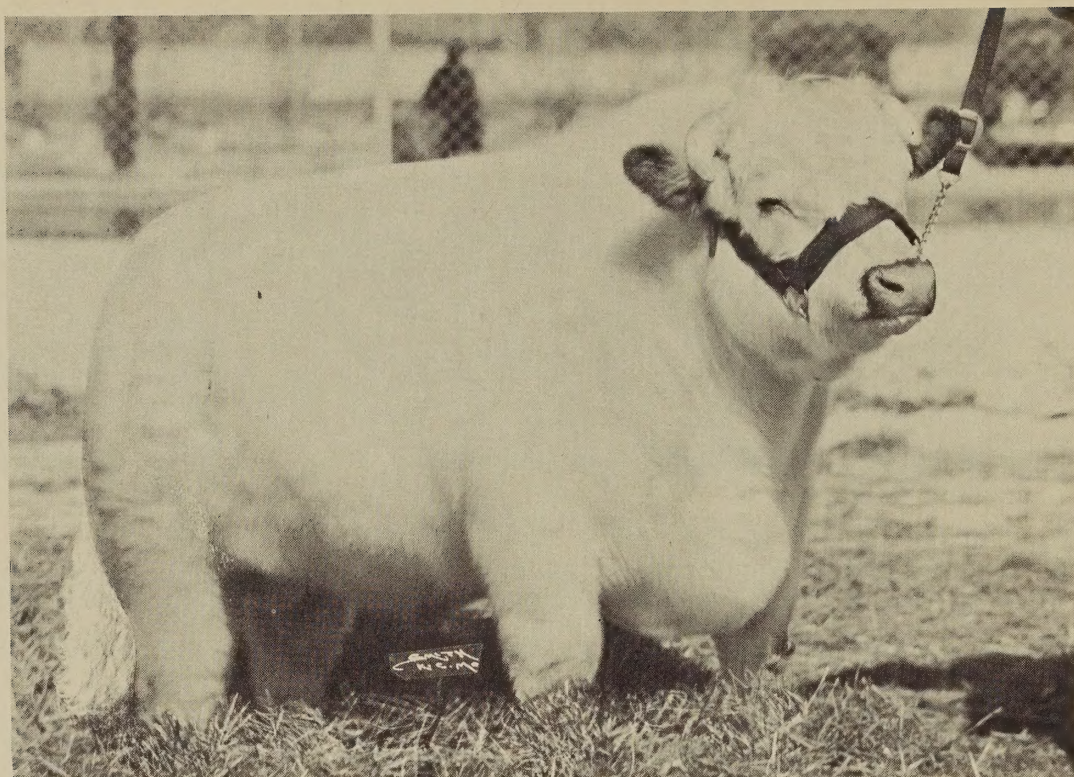

A FEW OF THE HEIFERS TO BE SOLD

This herd is owned by the Adwell Corporation and D. P. Sigmon & Sons. The Adwell Corp. is one of the largest farming operations in Illinois, a growing company that presently owns 16,000 acres. Several years ago, desirous of starting a livestock program, they formed a partnership with D. P. Sigmon & Sons, well-known Shorthorn breeders in central Illinois. The entire Sigmon registered Shorthorn herd was included, and a commercial cow and calf program using Shorthorn bulls was also initiated. The operation was run on the company's land near Mt. Sterling. A change in plan, with emphasis now placed on the commercial program, has brought about the need to end the registered cattle partnership and disperse the herd.

No females were sold . . . all were kept for herd expansion. Those not of this calibre were culled the market route. At the beginning of the partnership, the herd traced largely to two well-known Sigmon sires, Marellbar Umpire, sire of two International reserve champions, and Killearn Major, originally purchased for \$3,600 in Canada by W. N. Anderson, West Liberty, Iowa. For the last two seasons an outstanding young sire, Capitol Huntsman, bred by Dr. A. H. Weiland of Elmcrest Farm, Pawnee, Ill., has been in service.

You will be pleased with the quality. These are smooth, good headed cattle of substance. A glance at the catalog will prove what prolific producers they have been. It is your opportunity to buy well bred working cattle in their working clothes.

MARELLBAR UMPIRE — Tremendous as a show bull and as a sire. He was purchased as a calf from Marellbar by Billy Anderson, West Liberty, Iowa, who campaigned him to many championships through the Midwest and West. He was sold to W. E. Carter & Sons where he produced two International Reserve Grand Champion bulls in succeeding years . . . the 1953 International Reserve Grand Champion, Sunset Knolls Footprint, and the 1954 International Reserve Grand Champion, M V Lucky Bonspiel. His last years were spent with the Sigmons and his influence in the Buckhorn herd today is very strong.

CAPITOL HUNTSMAN — Bred in the well-known Elmcrest herd of Dr. A. H. Weiland, we acquired this bull as a young calf and hoped that he would make a herd bull. We haven't been disappointed. The last two years he has been used on all of the cow herd and we have a great group of cattle by him. A son of the many times champion, the \$7,000 Leveldale Capitol, and out of a daughter of Phopachy Huntsman, son of the great Kirkton Baronet, E L Rosewood 34th sold at the top price of a Sangamon District Sale. There are 19 yearling heifers and 6 yearling bulls selling by this bull. They are a grand group of cattle. The calves selling along side of the cows will be by Capitol Huntsman.
